KEY PROPERTIES

LIONWAX SW-P provides a darkening effect when ironed or polished. Excellent choices for use on leathers where light pull up and wax distressed effects are required. Leathers produced using **LIONWAX SW-P** exhibit a rich, soft feel.

LIONWAX SW-P is liquid at room temperature.

APPLICATIONS

Lionwax SW-P can be used alone or be diluted with water. Aqueous penetrators can be added for deeper penetration.

Works well with **LIONWAX SW-C** for modifying and producing different effects.

Recommended usage: spray or rollcoat at 4-8 gr/ft.
